

COLOR CARD

Rayon Yarn

INTRODUCTION

Welcome to the enchanting world of Hinkro Kente, where weaving meets artistry, and every thread tells a unique story. As purveyors of bespoke kente fabric, we take immense pride in crafting customized masterpieces for our cherished and exclusive clientele who seek to embrace individuality with unparalleled class and style.

The **Rayon thread**, made of viscose filaments, is renowned primarily for its silk-like appearance and soft sheen in the light. The strength and abrasion resistance of viscose rayon yarns are moderate.

COLOR CARDS

These are made with actual thread samples so you have a perfect color match to choose the desired thread.

COLOR FASTNESS

Good color fastness of the thread makes it resistant to the various chemical and physical agents the thread is exposed to during manufacturing and during its useful life. This ensures no bleeding of the color into the garment.

WHAT TO DO

After selecting the color thread you want, keep notice of the thread color code and share with your agent. Your agent would approve the finally the color with you upon

Happy Discovering!
